Alice Oakes Bronson Research Fellowship

The Department of Exercise and Sport Science invites applicants for the Alice Oakes Bronson Research Fellowship. This fellowship was made possible by a generous endowment from Alice Oakes Bronson. Ms. Oakes was a former faculty member and chair of the Department of Physical Education. Her career was dedicated to the preparation of physical education teachers. Through her generous endowment future exercise and sport scientists will continue to promote the benefits of an active lifestyle.

The purpose of this fellowship is to reward a third or fourth year doctoral student who has been meritorious in their graduate career but needs to focus on the completion of their doctoral dissertation.

**Eligibility Requirements:**

- Successfully complete all phases of their qualifying examinations
- Submit a signed IRB or Animal Care and Use Committee protocol and a signed (by the supervisory committee) proposal prior to the beginning of the academic year for which award will be made
- Be a third or fourth year candidate for the doctoral degree

Applicants will be judged on the quality and rigor of their research, excellence in teaching and service records as listed in their annual reports. Additionally, applicants who have exhibited highest professional standards in serving the department are encouraged to apply. Thus students who have volunteered to assist their fellow students, faculty, and staff in meeting the mission of the Department of Exercise and Sport Science would meet this criterion. In part, criterion would be judged by the applicant’s attendance at departmental meetings, Graduate Council Meetings, willingness to volunteer for projects, and presence in clinical and laboratory settings within the department.
