NOTES:

If a course that is a requirement for the major is not available, the department reserves the right to substitute another course to fulfill that requirement.

For assistance with completing University-wide graduation requirements, attend a Graduation Requirement Workshop sponsored by the Center for Academic Advising, 450 Student Services Building. Call the Infoline 585-5147 for a list of upcoming workshop times, dates and locations.

## **INSTRUCTIONS FOR COMPLETING YOUR APCP**

*The following process will allow you to see how many courses you have remaining within your track, so that you'll also have an idea how many semesters (and how many credits per semester) it will take you to complete the requirements **for your major** (i.e., not including various other requirements mandated by the university for your degree, such as general education, residency, upper-division, etc.).*

- 1) Generate (and print out) a **new** copy of your DARS:
- 2) on your APCP (above) use a **pencil** to fill in the semester/year and grade for all of the classes that you've already taken (note: these classes **must** appear within the appropriate sections of your DARS – premajor, content, elective, etc. – in order to count);
- 3) using the list of required and elective classes (see next page) that specifically apply to your chosen track in Health Promotion & Education, determine when your remaining classes will be offered (Fall, Spring, Summer...paying particular attention to classes that have prerequisites and/or are only offered once per year) and use that info to fill out the rest of your APCP as a tentative schedule for when you **plan** to take those classes; and
- 4) once you have your plan laid out (and/or if you have any questions along the way), please contact the Incoming/Transfer Advisor (Dave Chong, e-mail: [d.chong@utah.edu](mailto:d.chong@utah.edu) ) for an appointment, in order to have your APCP authorized by the department and placed into your file.
