When ordering regalia for graduation ceremonies, students will order the doctorate package (pictured below).

Students are welcome to purchase their regalia from the University Bookstore or purchase a “fine quality” gown from another supplier. If a student purchases a “fine quality” gown, the vendor will allow you to customize the gown & hood colors and type of hat. The University of Utah does not yet have an official regalia policy.

Regalia purchased from the University will have red chevrons and piping on the gown. The hood will be sage green, in place of the blue in the photo below, for the College of Health. The tassel will also be sage green.
